Robiq 400/400-20

The Robiq is a New Zealand staple for those wanting a functional and durable sink insert for your kitchen.

With New Zealand families in mind, Heritage stainless steel sinks are designed to withstand the demands of everyday use. Made from the highest grade stainless steel, comprised of 18% chromium and 10% nickel, they deliver durability, strength and quality.

15 litres per minute rated high-capacity overflow kit included.

Product Details

Sink Earthing Instruction

To maintain a long-lasting beauty and shine in your sink, and prevent any marking or staining, please ensure you equipotentially bond (earth) this sink.

To prevent surface corrosion please ensure all water piped are flushed first to clear any particles. For further information, please call 0800 ARCHANT (0800 272 4268)
