Marble Gray, Matte, 6mm

Cool and serene, Marble Gray provides a strong sense of nature with the refined and tranquil gray base colour. The faintness of the white veining imbues timelessness, making this colour effective in modernist and contemporary styled kitchens.

Although a simple and purist marble design, when looking closer, the Marble Gray stone includes colours ranging from a translucent ivory through to slate gray and even darker with charcoal accents, accentuated in moody lighting.

This range of tones creates depth and richness creating a calming and serene interior space.
