Metal Burnished, Matte, 6mm

Another metal-effect surface, but Metal Burnished is a stunning combination of blacks, browns and greens that show off the oxidation effect so well.

This porcelain surface brings a mysterious yet opulent effect to the kitchen with its textured surface of wave-like patterns.

The undulating effect gives the surface added depth which adds to the overall ambience of the room.

Metal Burnished is available in a matte finish and in slabs of 3200mm x 1600mm x 6mm deep.

Nature meets technological innovation, signalling the arrival of FLORIM stone, a brand that aims to combine the performance and functionality of this material with the maximum personalisation of space.

FLORIM Stone is large format porcelain stoneware for decorative surfaces. Lightweight, versatile and with an extremely high aesthetic impact, FLORIM Stone opens up new frontiers in design environments, ensuring maximum freedom of expression. It restores new life to a material that is as beautiful as it is delicate.

FLORIM Stone fears neither heat, stains nor colour changes and it is easy to maintain, both in the dark shades and in the most delicate colours.

Composed of a natural blend of ceramic clays and mineral colourants, FLORIM stone slabs are made by unalterable porcelain stoneware, which is stain-proof, resistant to high-temperature and thermal stress, scratch-proof, totally water-proof, resistant to UV-rays, hygienic and easy to clean. Moreover, material quality, a focus on details, together with the technical performance, FLORIM Stone is a truly revolutionary surface developed for the most demanding of designs and applications.

Specification Notes

FLORIM ceramic products are the result of the most advanced production technologies combined with constant aesthetic research. With more than 50 years of experience, FLORIM has produced a truly advanced surface; only possible through combining Italian design and production with intense research and innovation to 'anticipate the design needs of tomorrow'. These porcelain stoneware slabs will meet the widest variety of design needs and characterize the environments with a well-defined personality.
