Franke Vela VLX 221RHD

As part of the Vela sink family, this huge double-bowl sink features the same good looks you've come to expect. The drainer sits to the right with its sleek raised ridges mirroring the geometric shape of the sink to reflect a modern appeal that is in keeping with today's design aesthetics. Because the sink can be overmounted, undermounted or welded in place it's incredibly adaptable to the design of a range of kitchens.

Sink Earthing Instruction

To maintain a long-lasting beauty and shine in your sink, and prevent any marking or staining, please ensure you equipotentially bond (earth) this sink.

To prevent surface corrosion please ensure all water piped are flushed first to clear any particles. For further information, please call 0800 ARCHANT (0800 272 4268)
