**Archant Porcelain Sample Metal Russet Matte, 6mm**

The Archant Porcelain Metal Russet has been discontinued and will only be available until stock is available.

With its red/brown metal effect, Metal Russet is immediately recognisable and creates a unique finish for those who appreciate a distinctive texture. This porcelain surface is rough and seemingly unfinished giving it a strong course quality that works well with industrial-style kitchens. The effect of oxidation is clearly captured in the design of the surface with a ripple-like effect working its way across the slab. Metal Russet is available in a matte finish and in slabs of 3200mm x 1600mm x 6mm deep. Nature meets technological innovation, signalling the arrival of Archant Porcelain, a brand that aims to combine the performance and functionality of this material with the maximum personalisation of space.

Specifications

Surface Finish	Matte
Surface Style	Metal
Family	Impressions Series
Surface Material	Porcelain

Surface Overall Thickness (mm)	6
Surface Overall Length (mm)	225
Surface Overall Width (mm)	110
Surface Weight	0.4kg
