

30.O959.BB
Fade®, 160mm, Brushed Brass

With Fade®, it's time to put the limitations of great design to rest.

The experts will tell you that good design is all about style. Some will argue that the key element should be functionality. With our new product Fade®, you can enjoy both. These handles, knobs, and pulls were inspired by the simple elegance of nature. With sleek craftsmanship, they make a bold statement without dominating the room. And while they certainly will elevate the design appeal of your space, they feel great in your hand as well. When it comes to big design, it's essential to focus on the little things. The Fade® collection is your chance to add visual impact to your kitchen while advancing the conveniences of form.

Available in four finishes; Black, Brushed Brass, Brushed Anthracite and Antique Brass.

Exclusively designed and made by Archant
