**Seta, 32mm, Brushed Nickel**

The Seta Collection is a range that embraces the contemporary kitchen style. With its simple rounded structure and understated detailing to carefully edge the face of the knob, this design is simple, beautiful, and contemporary in its styling. For overall design continuity, the slim pillar also features the matching groove detail providing a necessary detailing on the base of the knob.

Available in four finishes; Brushed Nickel, Brushed Anthracite, Black and Brass, this collection is an exact finish match with existing Archant handle collections such as the Marcella, Siena, Sarnen and Anzio handle collections.
