Chadwell, Brushed Brass

A thin simple flat weave with tight fill. The Chadwell Wovenpanel™ is created from small flat wire creating a smooth and gentle. A delicate and intricate design, ideal for the modern minimalist home. When viewed from the side the Chadwell appears to be an opaque panel but when viewed straight on you delight in the transparency of the panel.

Archant provides two easy ways for you to purchase Wovenpanel?? for your project. We have the full-size Wovenpanel?? sheets available for purchase, click "Add to Cart" to purchase the full sheet.

If you would like your Wovenpanel?? cut and fabricated to your specific panel size you can you can request a quote and use our end-to-end fabrication service. [Request a Quote.](#)
