FP Manor T, 35mm, Matt Black

Offering an elegant slant on industrial-style interiors, this T shaped cabinet knob has a surface that resembles a diamond pattern that gives an exclusive look that is emphasized by the richness of detail. It is the details that move the knob away from the industrial and take the knob into a story of something more refined and processed. Use FP Manor to add a dash of warmth to an industrial kitchen, to highlight the deep elegance of a rural kitchen, or to achieve another effect entirely. FP Manor is also available in a classic handle, with or without a backplate or round knob. Finished in Antique Brass, or Matt Black.
